On page 92, under section "Litigation" starting on page 91, after paragraph "Litigation regarding the Municipality of Taranto", the following paragraph is inserted:

"Litigation regarding Piemonte Region

In 2006 Piemonte Region issued two bonds for a total amount of Euro 1.856 mln and BIIS (formerly Banca Opi), subscribed such bonds for an amount equal to Euro 430 mln.

At the same time, according to the law, the issuer entered into two derivatives transactions with some Banks, among which there was also BIIS (for a notional amount equal to Euro 628 mln).

In 2011 (July) Piemonte Region noticed BIIS of the beginning of an internal administrative proceeding "in self-defense" called "procedimento in autotutela" in order to cancel and/or revoke all administratives acts in any way connected to the derivatives transactions entered into in 2006, with the following reasons:

- (i) the estimates of future cash flows swaps between the parties highlighted a negative trend for Piemonte Region;
- (ii) the derivatives transactions' aims were not in compliance with the law;
- (iii) the derivatives transactions were in conflict with general law prescriptions and with Consob Regulations n. 11522 of the 1998.

BIIS filed its counter deductions, together with a legal opinion and a specialized report, pointing out the congruity and the lawfulness of such derivatives transactions.

At the same time, since the derivatives transactions entered into with the Region are regulated by English law and are subject to the jurisdiction of English court, BIIS filed a lawsuit before the High Court of Justice of London in order to ascertain the validity and the correctness of the above said derivatives transactions.

In 2012 (January), Piemonte Region concluded the internal self-defense proceeding ("procedimento in autotutela") deciding for the cancellation of all its internal administrative acts in any way connected with the derivatives transactions. BIIS decided to challenge such decision before the regional administrative Court of Piemonte Region ("TAR Piemonte - Torino"), asking for (i) the cancellation of the regional decision conclusive of the internal self-defense proceeding and (ii) the suspension of the prejudicial effects of the same decision.

In the hearing scheduled for the discussion of the interim injunction ("suspension") before TAR Piemonte on the 19th April 2012, BIIS decided to waive the request of suspension in order to obtain the scheduling of the hearing on the merit for the 8th November 2012.

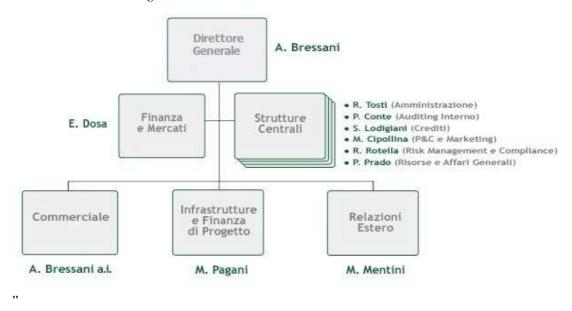

Recently Piemonte Region, in the contest of the lawsuit before Tar Piemonte – Torino, has noticed BIIS of the filing of a "ricorso incidentale" (an additional recourse before the same court) asking the TAR Piemonte - Torino to ascertain the duty of BIIS of give back to Piemonte Region all the sums received according to the derivatives transactions and to condemn BIIS to pay such sums to Piemonte Region."
